

LIST OF FIGURES

Figure 1. Index map of the Albemarle-Pamlico estuarine system...	2
Figure 2. Distribution of wind speed and direction	5
Figure 3. Sources of freshwater discharge, tidal exchange, and isohalines in April and October	7
Figure 4. Distribution of calcium carbonate	12
Figure 5. Composite distribution of bottom samples	17
Figure 6. Composite distribution of bottom samples along souther margin of APES	18
Figure 7. Distribution of modal grain sizes	19
Figure 8. Percent sand in the Neuse River estuary	21
Figure 9. Percent sand in the Pamlico River estuary	22
Figure 10. Distribution of modal grain sizes in southern margin of APES	22
Figure 11A. Landsat Thematic Mapper, northern APES region, April 1, 1985	23
Figure 11B. Landsat Thematic Mapper, southern APES region, April 1, 1985	24
Figure 11C. Landsat Thematic Mapper, northern APES region, October 7, 1984	25
Figure 11D. Landsat Thematic Mapper, southern APES region, October 7, 1984	26
Figure 12. Suspended sediment concentration in Neuse River	28
Figure 13 Suspended sediment and salinity distribution in Neuse River in March and April, 1988	30
